

Is your child struggling at home or school? There is a solution...

Student Serenity Project is a series of 4 highly integrated programs to support teachers, parents and students to allow students to feel **good**.

The main focus of these programs is based on the practical...

**thought sharing solution**<sup>TM</sup>

which includes easy to use, proven life changing strategies such as **Serenity Sendoff, Forever Feelings, Fall Away Feelings, The Thought Thermometer, Travelling Touchdown Thoughts and Serenity Seed System.**

The 4 highly integrated programs include:

**student serenity show**<sup>TM</sup>

**School Visits**

**Peace Phone**

**Awareness Bands**

The programs are based on research and experience by Aaron Pickup and his community, which are primarily focused on the following beliefs:

1. We have an inner guiding system or nature and love languages that allows, empowers and provides good feelings when emotional needs are fulfilled continuously.
2. Universal Principles of Cause and Effect, Law of Attraction and Law of Intention will guide us to live through our highest Self.
3. By living through our highest Self, we increase our consciousness and self-awareness (emotional intelligence), creating a loving, courageous, enlightened environment for our students.

SSP programs are based on seeking and implementing knowledge that supports these beliefs.

\* Resources that support the SSP ideology come from many published books and journals from the scientific, philosophical, psychological and spiritual genres. Some of these include but are not limited to Power vs. Force by Dr. R. Hawkins, The Ten Principles for Success and Inner Peace and the Power of Intention by Dr. Wayne Dyer, The Four Agreements and The Fifth Agreement by Don Miguel Ruiz, The Vortex by Esther and Jerry Hicks, The Five Love Languages of Children by Gary Chapman PhD and Ross Campbell MD, The Child Whisperer by Carol Tuttle, Emotional Intelligence Interventions to Increase Student Success by Barbara Bond and Rose Manser and many more.
